LEWELLEN CARVER CHAIR - GREYED OAK

£980.00

Description

It's questionable that there is a better country armchair to sit at the head of a rustic table than this superb interpretation of a 19th century oak chair. Lewellen has been sized for use at the head of the table or as a desk chair and is upholstered in a wonderfully soft and sophisticated William Yeoward two-tone polka dot fabric.

Seat height: 47cm, Arm height: 67.3cm
