WILLIAM YEOWARD

HELMSLY TABLE - EBONISED OAK

£2,119.00

Description

I let my imagination run riot when deciding on the finish of this Helmsly table. The top being beautifully painted by a true artist in brightly coloured faux marble and the base distresses and rubbed back in a wonderful blackened finish. The gilded band around the top only serves, in my humble opinion to frame the exquisite detail.

Additional Information

Finish	Faux Marble
