

WILLIAM YEOWARD LAMPSHADES

We are very pleased to offer a range of luxurious lampshades in five shapes and sizes, each with a delicately hand rolled edge. We hold stock of each size in Chalk satin with a white laminated liner. However you can bespoke your own shades from our selection of satin and linen colours as well as three additional metallic shade lining options.

All shades come with gimbal fittings for the UK and European markets.

45cm DRUM

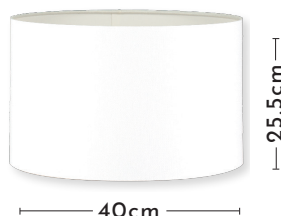

45 (w) x 45 (d) x 28 (h) cm / 17.5" (w) x 17.5" (d) x

PURE LINEN

Our 100% pure linen has an elegant matt sheen. Linen, a natural fabric, its threads have variable lengths that contribute directly to its overall strength and longevity.

Cloud Limestone

SHADE LININGS

Our laminates give hardback shades their rigidity. We carefully select our laminates to balance shade stability and light transmission. Our metallic laminates add a contemporary feel; the warmer gold and bronze provide a cooler ambience, while white and silver has a more contemporary feel.
