

WILLIAM YEOWARD

Our table lamps do not include lampshades as standard. We do however stock a range of luxurious lampshades in five shapes and sizes, each with a delicately hand rolled edge. We hold stock of each size in chalk satin with a white laminated liner. However you can bespoke your own shades from our selection of satin and linen colours as well as three additional metallic shade lining options.

BESPOKE LAMPSHADES

A selection of beautiful satin colours, luxury linens & metallic laminate liners are available for you to order to create your very own combination to suit your choice of lamp and interior.

For more information, please visit our website www.williamyeoward.com or email us at enquiries@williamyeoward.com.

LUXURY SATIN

Our elegant range of satins are produced using combed fibres, resulting in a subtle natural lustre and flawless smooth finish.

PURE LINEN

Our 100% pure linen has an elegant matt sheen. Linen, a natural fabric, its threads have variable lengths that contribute directly to its overall strength and longevity.

SHADE LININGS

Our laminates give hardback shades their rigidity. We carefully select our laminates to balance shade stability and light transmission. Our metallic laminates add a contemporary feel; the warmer gold and bronze provide a cooler ambience, while white and silver has a more contemporary feel.
