

WILLOW PLANTER SET OF 3

£1,425.00

Description

We are delighted to team up with **Brampton Willows** as part of our outdoor **Kings Road Store** display.

Our **handcrafted woven willow planters** are available as a set of three, bringing natural charm to any setting. Beautiful as standalone pieces or striking when grouped together, each planter is carefully woven around a robust **steel frame**, ensuring it retains its shape even when filled with soil.

Each planter is made for indoor or outdoor use. Every planter includes a handmade, **water- and rot-resistant liner**. If drainage is required, the fabric can be easily perforated to allow water to pass through.

Good to know: Please note, as each piece is **individually handmade**, slight variations in dimensions may occur, adding to the unique character of every planter.

Sizes included: Small: 45cm h x 60cm w, M: 50cm h x 80cm w, L: 65cm h x 95cm w
