

HARRINGTON TABLE LAMP IN DARK LAGOON

£425.00

Description

As our starting point we studied our iconic 'Alfie' lamp and wondered how we could reimagine it. This is the result. Each lamp goes through five individual processes. Once the base has been made it is hand painted first in a either a pale or a dark undercoat. Then it is hand painted a second time in one of our five carefully selected colours before going through a tumbling process, designed to create a subtle textural 'distress'. Metallic highlights of matt gold, silver or copper are then applied, once again by hand. Finally the lamp is finished with a very soft glaze. Complex, unique and just stunning! Available in 3 styles and each is available in one of 5 stunning colours.

*For Elvaston/Elvaston Junior/Harrington lamps, Mushroom Risotto comes with an ivory cable and nickel lamp holder fitting as standard. Mike's Van, Dark Lagoon, Allotment and Willie's Blue all come with a brown cable and antique bronze lamp holder fitting as standard.

Additional Information

Lead Time	Stocked
Made In England	Yes
Recommended Shade	40cm Drum or Oval
Material	Resin
Height	39cm
Width	25cm
