

GODWYN SIDE TABLE - COUNTRY WHITE

£2,325.00

Description

The Godwyn side table is a piece in this collection which I truly marvel at. The amusing fox heads, hand-carved amongst leaves and foliage, make for a pleasing and yet frivolous atmosphere. The front of the table, being a drawer, makes this piece suitable either by a sofa or by the bed. It's important to occasionally add humour to a decorative scheme. Available in 3 finishes; washed oak, greyed oak and country white.
