

WOVEN STRAW UNDER PLATE - BROWN

£12.50

Description

Made in Africa by groups of skilled artisan weavers using traditional methods. Straw and recycled plastic are used to create these practical under plates, which make a stylish alternative to traditional placemats. Coordinating trays, bottle holders and bowls are also available in a range of colours.

These under plates are handmade and sizes and colour may vary slightly due to the manufacturing techniques used, we think this makes them even more special.
