

AMITTA - CLOUD 200X300 RUG

£1,595.00

Description

The neutral ground of Amitta is the perfect platform to carry the abstract design of this rug, which was inspired by one of William's sketches of frogs spawn in the early summer drifting on a simple pond.

Luxurious in both look and feel, Amitta will sit well in the sitting room, library or bedroom.

Hand tufted. Available in 4 sizes and in 2 easy to use neutral colours.
