

KENOSHA CHEST OF DRAWERS - DARK SANTOS

£3,750.00

Description

In my London apartment there is definitely an edge of mid century meets Paris retro. I shall be, no doubt switching a piece of furniture to make room for this delightful three drawer chest on legs. Both the finish and the bronze give a contemporary feel that works so well in a city apartment. Either in the bedroom or in the living room the Kenosha will hold it's own.
