

TEIDI - WOAD 160X260 RUG

£995.00

Description

When volcanos are erupting forcing their foul breath and weird debris onto the surrounding landscape there come shapes and patterns so organic that man could not believe. In an odd way the more difficult the task to recreate, the more one needs to illustrate these phenomena; Teidi is just that. Shapes and sparks, circles and teardrops of colour covering a background of colour.

A wonderful contemporary rug in our new larger size. This rug will make a statement in smart, modern interiors and also in more traditionally themed rooms.

Hand tufted. Available in 3 sizes and 2 colours.
