

NEW YORK SKYLINE

£35.00

Description

This wonderful representation of the New York skyline is 50cm long, cut in a 1.5mm thick sheet of steel and then finished in black. Across Jersey City waterfront, we can see from west to east a part of Lower Manhattan with One World Trade Center and Wall Street financial district, then the Hudson River and the stunning Statue of Liberty. It is wrapped up in a nice cardboard box, including 3 black nails of course!

Additional Information
