

CLOUD BRASS DESK ORGANISER

£29.95

Description

A touch of glamor for your desk. Give yourself, or a loved one, the gift of order.

The solid brass Cloud desk tidy is the perfect spot for as yet unpaid bills, calling cards, a pen or two and some stamps, or whatever it is that is currently cluttering your desk. The overlaying dot patterns give it a touch of the simmering 'moire' effect, the solid brass gives it a pleasing heaviness despite it's filigree appearance.

Made in Italy, it ships flat, and can be folded into shape in about 20 seconds, so you, or your loved one, won't have to be home to take the package.
