Description

An everlasting Advent Calendar Tree, constructed from robust 600 gsm uncoated ivory card printed in hand-mixed colours. 24 individual decorations, stars, hearts, animals and birds, are slotted one-by-one into place on the successive days of Advent, culminating in the tree-top star which is the culmination of the ritual on Christmas Eve. The decorations can be removed after Christmas is over, ready for the ritual to be repeated the following year. The calendar comes in a beautiful box in which it can be stored and brought out year after year.
