Description

Alive with pale blue blossoms, bumblebees and butterflies on a white linen ground this delicately embroidered cushion brings the rolling meadows to your back garden. The William Yeoward for Fine Cell Work Collection is a celebration of charming floral prints, colour, texture and embroidery. Working from nature-inspired patterns from Cath Kidston's 'Joy of Print' the collection is the perfect way to elevate your summer garden space.

Please note that whilst this cushion looks spectacular outside the home it has been produced with a feather pad insert and cotton cover which is not water resistant so please ensure it is stored inside in a dry place.
