# BESPOKE SHADE OPTIONS

## Description

---

We are very pleased to be introducing a brand new range of luxurious lampshades in four shapes and sizes, each with a delicately hand rolled edge. We hold stock of each size in Chalk satin with a white laminated liner. However you can bespoke your own shades from our selection of satin and linen colours as well as three additional metallic shade lining options.

### **Bespoke Lampshades**

A selection of beautiful satin colours, luxury linens & metallic laminate liners are available for you to order to create your very own combination to suit your choice of lamp and interior. For more information please visit our website [www.williamyeoward.com](http://www.williamyeoward.com) or email us at [enquiries@williamyeoward.com](mailto:enquiries@williamyeoward.com).

### **Luxury Satin**

Our elegant range of satins are produced using combed fibres, resulting in a subtle natural lustre and flawless smooth finish.

### **Pure Linen**

Our 100% pure linen has an elegant matt sheen. Linen, a natural fabric, its threads have variable lengths that contribute directly to its overall strength and longevity.

### **Shade Linings**

Our laminates give hardback shades their rigidity. We carefully select our laminates to balance shade stability and light transmission. Our metallic laminates add a contemporary feel; the warmer gold and bronze provide a cooler ambience, while white and silver has a more contemporary feel.
