

Hotels by Sheetz

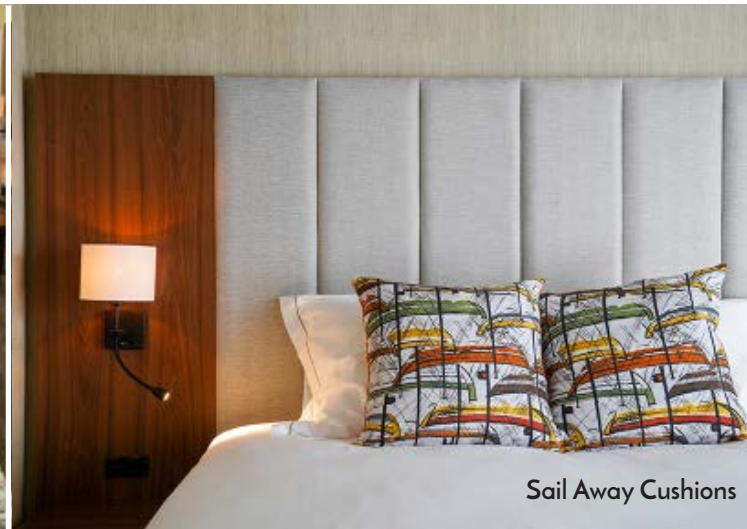

We were privileged to supply three boutique hotels within the Hotel Sheetz collection. The style of furniture and home accessories used matched each hotel's unique character and surroundings perfectly. We worked with each team to follow a specific brief to ensure the feel of the hotel was echoed, creating a wide variety of looks, with an overall contemporary and minimalist lifestyle in mind to fit our Dutch clients' needs.

Hotel Ter Zand

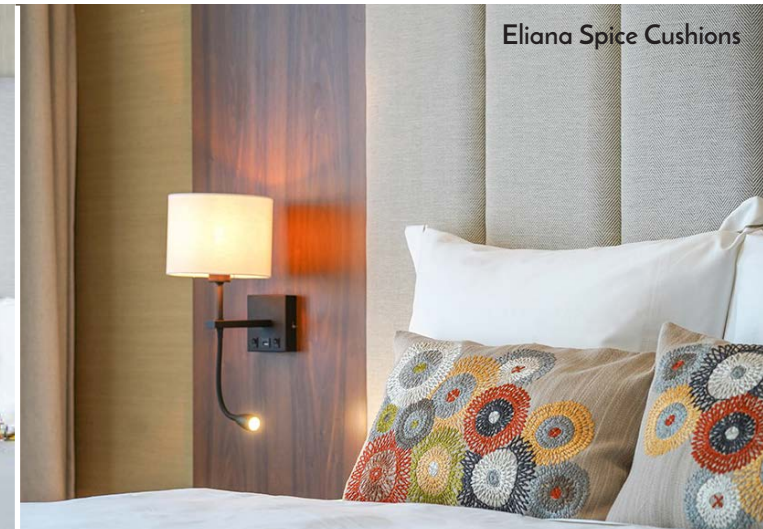

This charming boutique hotel was dressed using many of our cushion designs, as well as our bespoke cushions, the hotel features many of our soft furnishing and home accessories throughout. Bespoke cushions were created from our William Yeoward fabric as well as our stocked cushions, using designs that echoed the surroundings and character of the hotel.
