

# Hotels by Sheetz

We were privileged to supply three boutique hotels within the Hotel Sheetz collection. The style of furniture and home accessories used matched each hotel's unique character and surroundings perfectly. We worked with each team to follow a specific brief to ensure the feel of the hotel was echoed, creating a wide variety of looks, with an overall contemporary and minimalist lifestyle in mind to fit our Dutch clients' needs.

## The Fallon Hotel Alkmaar

A former prison and now converted into this superbly unique boutique hotel, we were delighted to be able to supply wall-to-wall pieces from fabrics, lighting, rugs, cushions and upholstery. This unique space meant the furniture chosen had to be the right fit and the transformations are breathtaking...
